

Bishopton Primary School
Reception Weekly Home Learning Activity Grid Week beginning 18th May

Lesson	Monday	Tuesday	Wednesday	Thursday	Friday
Phonics	Recapping of <u>oo ar or</u> Use Speed sound set 2 to read and speed write a selection of words	<u>Focus</u> : air 'That's not fair' Now use some air words to write sentences and captions	<u>Focus</u> Reading: air 'That's not fair' Now use some more air words to write sentences and captions	<u>Focus</u> : ou 'Shout it out' <u>Reading</u> Now try to use some of the words in a sentence / caption	Use the <u>red</u> and <u>green</u> word PDF to speed read the words. Now try speed writing a few words
	Daily Practice Use the PDFs to speed read all green words in set 1 and the green words we have covered in set 2 (resources folder in home learning tab on website) Now speed write – how many times can you write a word in one minute? Can you beat your score? Log onto letter join to practice you letter formation – link on website				
Literacy	Look at the front cover Talk about Who do you think he is? Does he remind you of anyone you know in real life or in stories? What is he doing? Where does he live? Read Monday's extract Talk about What does he do on the moon? What is his job?	Read Tuesday's extract Talk about What do you think his life is like? What do you think he does in his spare time? Read Part 2 Talk about What is an alien? Where have you come across aliens in other stories?	Read Wednesday's extract Recap what an alien is Show page 11-12 What are the aliens like? What are they doing? Where do they live? Part 2 Read to page 18	Read Thursday's extract Each time there is a time, talk about what you are doing e.g. 6 o'clock Bob gets up – what are you doing at that time (sleeping I hope!)	<u>Man on the moon</u> Watch the story What was your favourite part? If you were the Man on the moon, what would you like to do?
Task:	Draw a picture of what you think Bob does on the moon. Write captions or sentences to say what Bob is doing.	Draw and label a picture of an alien. Extension Write sentences to describe the alien.	Design a house for an alien What would you find in the house? Write labels, captions or sentences.	With Mummy or Daddy's help, make a list of all the things Bob has to do in the day and what time he does it 6 o'clock Bob gets up...	Make a menu for an alien party- what would they eat? What games would they play?

Maths					
Online Teaching	Lesson 1 Counting objects to 20	Lesson 2 Ordering numbers to 20	Lesson 3 Developing a sense of 10	Lesson 4 Place Value	Lesson 5 Finding 1 more for numbers up to 20
Maths Activity	Write out the numbers 0-20 on some paper or card, cut them up and then ask a grownup to mix the numbers up – don't peek! Then, see how quickly you can put them into the correct order . You could ask someone to time you and then see if you can get faster when you try again.	Collect 20 leaves from your garden or a local park. Write the numbers 1-20 (one on each leaf), Make a hole at the end of the leaves and then thread them onto a piece of string. Don't forget to put them in the correct order ! You could then put up your homemade number line in your home or garden to help you remember the order of the numbers.	Ask an adult to hide the numbers 1- 20 around your house or garden. See if you can find all 20 and place them in order. You could ask someone to tell you a number to find. Can you remember what the number looks like and find it? Now you hide the numbers- you must remember where you put them! Your grownup will say a number and you have to find it! Explain why you know you have the correct number .	Write the numbers 0-20 on plastic building bricks. Make a tower of 20 bricks, seeing if you can put the numbers in the correct order. Start with 0 at the bottom and 20 at the top and then try starting with 0 at the top and 20 at the bottom. Play a board game like snakes and ladders. Send a photo of your favourite numbers board game.	You will need different coloured paint and number cards 11-20 . Draw a circle. Then choose a number card. Dip your finger in the paint and add the number of petals to the circle, making a flower. Count the petals to check you have the right amount. Write that number in the middle of the circle. Can you do this for all numbers 11-20? We can't wait to see your number flowers.
Number Blocks	I Can Count to 20 Watch and join in.	Meet 11 and 12 Watch and practise	Unlucky 13 Watch and practise	Number 14 Watch and practise	The Steps One -15 Watch and practise
Activities	Build a rocket to fly to the moon – use boxes and recycled material to build yourself a rocket	Paint a picture of a new planet What colour would it be? What would the planet look like? Would it have mountains, seas, rivers, buildings?	Design a state of the art space suite What would it look like? What gadgets would you have built in? Rocket boots, laser gun	Set up a shop Collect objects to sell Write price tags for each object Now sell them to your family – work out how much change is needed.	Alien picnic Help prepare an alien picnic Cucumber sandwiches are now slime sandwiches, carrots are now alien tentacles!
