

5 Little Penguins

(Sing to the tune of 'Down at the Station'.)

5 little penguins wanted to go fishing,
So they set off, waddling in line.

It was nearly teatime, they were getting hungry,
And one dived down a hole, to see what he could find.

4 little penguins wanted to go swimming,
So they jumped off rocks, splashing in the sea.
One little penguin was feeling rather poorly,
And he stayed home to play with me!

3 little penguins wanted to play snowballs,
So they went off, to play out in the ice.
One little penguin got buried in a snow drift,
His mummy came to dig him out, wasn't that so nice?

2 little penguins practising their skating,
Learning to twirl and spin, clever little things!
One skated down the hill, right down to the bottom,
And couldn't climb back up, even when he flapped his wings!

The last little penguin, feeling rather lonely,
Went to find some friends, in the penguin huddle.
He found his mum and dad, sisters and his brother,
He was very happy and he gave them a cuddle!
