

Cake recipe instructions

You will need:

- Sugar
- Flour
- Butter
- Vanilla extract
- Eggs
- Milk

1. Crack one raw egg into a bowl.
2. Add one tablespoon of milk.
3. Add half a teaspoon of vanilla extract.
4. Balance some sugar with one egg.
5. Balance some butter with one egg.
6. Balance some flour with one egg.
7. Mix all of the ingredients together.

Cook at 180 degrees for 25 – 30 minutes – Keep checking on it!
