

Hello from: Miss Stepień

Hello Class 5. I am Miss Stepień and I will be teaching Year 5 next year. I taught year 5/6 and year 3 in the past. Although, I have met all of you before, I would love to get to know you better. I am looking forward to meeting you in September. Have a lovely summer holiday and see you in the autumn.

About me:

As you may already know, I come from Poland. I have been living in Stratford-Upon-Avon for a few years now and I am really fond of this town.

There are many things that I love doing. One of my hobbies is reading. I have always cherished books, especially those full of adventures and mysteries. They open your mind and unlock your imagination.

Certainly, passion for books helped me begin my other hobby - travelling. I have always wanted to see all those thrilling places I read about. I am truly enthusiastic about discovering new countries and cultures. Recently, I have visited Sweden, full of picturesque houses and magnificent landscapes. This summer, I planned to visit Sankt Petersburg; unfortunately, this will have to wait. However, there are many more places that I would love to see one day, including: Australia, the Amazon jungle and Prince Edward Island.

Finally, I like being active. My favourite sport is swimming. Lately, I have also rediscovered my hobby from the past - cycling. There is no better way to learn about your local area than riding a bike.

My perfect day:

Pack my backpack (I do not like suitcases) and set off on a journey to an unknown place.

Spend the entire day sightseeing, roaming the quirky streets or strolling down the sandy beach.

Feel exhausted, but excited after the whole day of walking.

In the evening, relax listening to cicadas and trying local cuisine.
