

# My Friendship Board

A friendship board is to help you describe your friendships using pictures, drawings, paintings and writing.

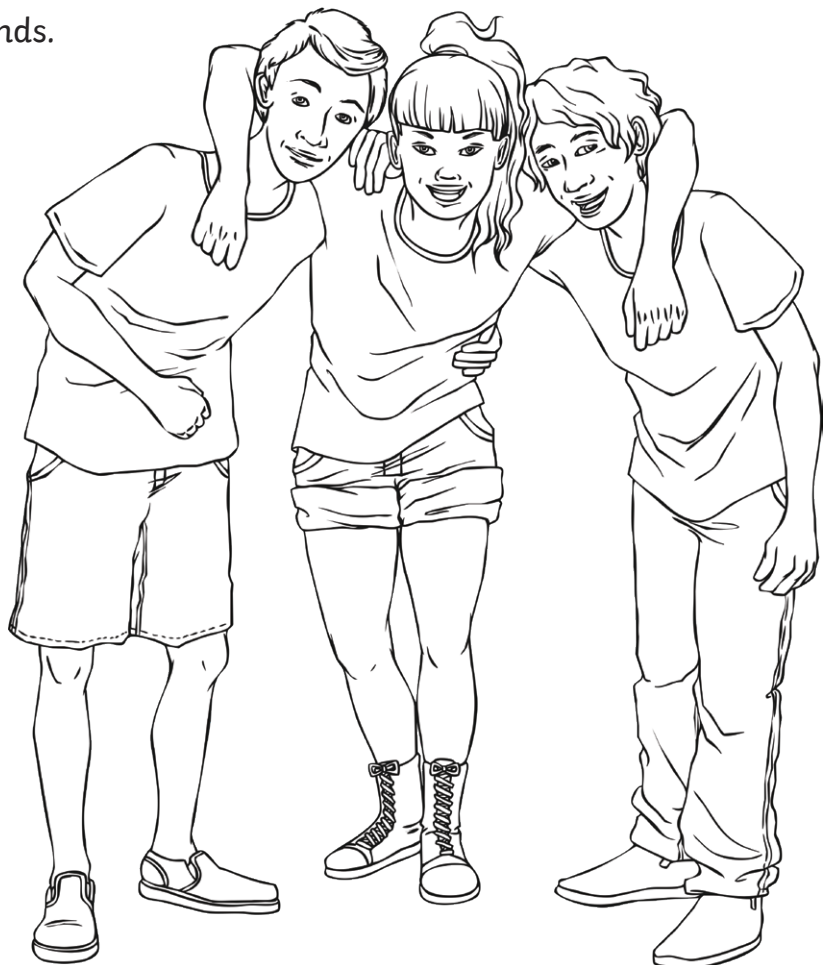

Below is a friendship board with some questions to help you think about what makes your friendships special, who your friends are, what they do to make you happy and what you do to make your friends happy!

Once you have completed the friendship board, you could then try to design your own.

You can include questions or use pictures or drawings of your friends.

**You could write down or draw:**

- what makes you laugh;
- what makes them laugh;
- what makes them special;
- what makes you special to them;
- how it makes you feel to have good friends.

# My Friendship Board

Who are your best friends?

What do they do to make you feel happy?

What is the best thing you have done with your friends?

What makes your friends special?

What do you do to make your friends feel happy?
