

Park Life

I can explain and use plural and possessive -s.

1. Look at the singular noun, write the plural and then a sentence showing the possession of a singular noun. One has been done for you.

Singular	Plural	Possession of a singular noun
a) football	<i>footballs</i>	<i>The football's bold, black and white colours stood out amongst the green grass.</i>
b) ice cream		
c) swing		
d) scooter		

Challenge:

2. Try adding in some of your own nouns which you might find in the park. Make sure they are nouns where you would add an (-s) to make them plural. Change them to plural and then singular possessive.

Singular	Plural	Possession of a singular noun
