To think about while reading:

- 1) What do we know about Sabryna's family?
- 2) What do you think Sabryna's role is within her family? How is this different from you and your family?
- 3) Who is Dia?

One

After reading the chapter:

- 1) Why are the farmers not worried about the low river?
- 2) *'Sabryna bowed her head to disguise her gaze as the merchants' daughters bustled past in their jewel-bright gowns, showing off the latest fashions.'*
How do you think Sabryna felt here?
- 3) What is a 'beakling'?
- 4) Why do you think the author describes Dia's hair as bubbling 'like river rapids'?
- 5) What do you predict Sabryna will do in the next chapter?
