

15/6/21 LO To recognise and describe 3D shapes

	What do you notice about the opposite faces of a cuboid?		
	A cube is a special type of cuboid. What is special about each face of a cube?		
Shape	Number of edges	Number of faces	Number of vertices
			
			
			
	Describe this 3D shape (faces, edges, vertices)		
 	What is the same and what is different about these two shapes?		
 One face of my 3-D shape is a square.	Mo has a 3D shape. What shape could it be?
