

9/6/21 LO To identify horizontal and vertical lines

COPY AND COMPLETE

A line that runs from left to right across the page is called a _____ line.

A line that runs straight up and down the page is called a _____ line.

1 Circle the line that is horizontal.

2 Circle the line that is vertical.

Use a ruler to draw the lines.

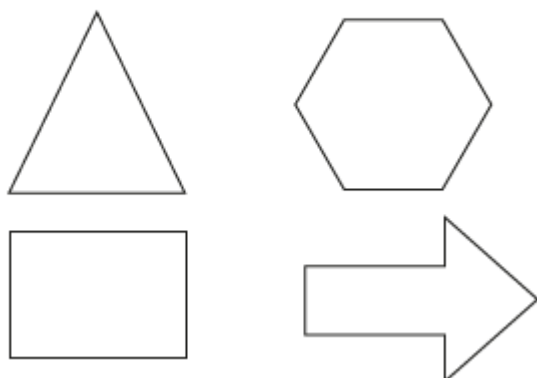

- Draw a horizontal line 5 cm long
- Draw a line that is not horizontal or vertical.
- Draw a vertical line 5 cm long

a) Circle the flags that have horizontal stripes.

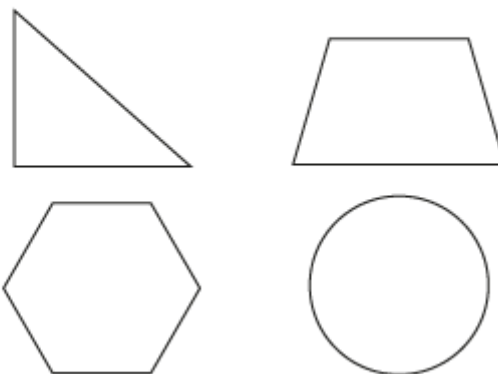

b) Circle the flags that have vertical stripes.

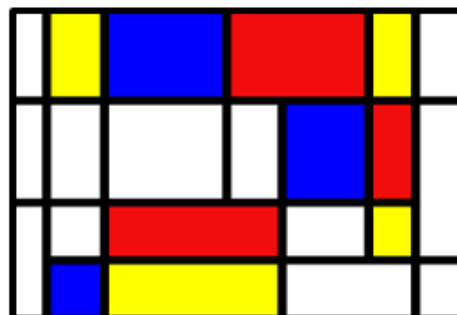

7 Tick the shapes that have a vertical line of symmetry.
Draw on the shapes to show the line of symmetry.

8 Tick the shapes that have a horizontal line of symmetry.
Draw on the shapes to show the line of symmetry.

Horizontal line of symmetry	Vertical line of symmetry	Horizontal and vertical lines of symmetry

How many horizontal and vertical lines can you spot in this image by Mondrian?

Eva completes the table by drawing shapes.
Can you spot and correct her mistake?
