

Paper Lantern

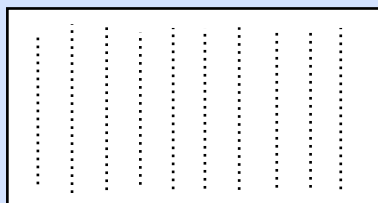

You will need:-

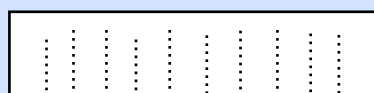

- Paper
- Scissors
- Glue or staples or sticky tape
- Decorative tape
- Pen to draw decoration

Instructions

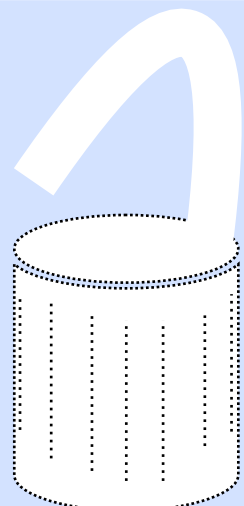

Using the template, cut out the handle and lantern. Fold the lantern in half along its length and using scissors cut along the dotted lines being careful to cut from folded edge. Unfold the lantern. Now is the time to decorate with a pattern or add Washi tape decoration before assembling the lantern. Once decorated curve it around into a cylinder shape and secure with tape, glue or staples. Attach the handle on the inside of the lantern.

Cut out the
handle and
lantern
template

Fold the lantern in half
