

Swimming

Swimming is a National Curriculum subject in KS2. Whether you are a complete beginner or regular club swimmer, children will attend swimming sessions with school as follows:

- Year 6 children swim during the Autumn Term (September – December inclusive)
- Year 5 children swim during the Spring Term (January – Easter inclusive)
- Year 4 children swim during the Summer Term (Easter – July inclusive)

Therefore, all children will swim for three terms (or the equivalent of a whole academic year) during their time in Years 4, 5 and 6.

We swim at Stratford Leisure Centre, travelling there by bus. The sessions are taught by qualified swimming teachers at the pool and are supervised by staff from school.

During swimming sessions we are the only users of the main pool at the leisure centre.

Children have the opportunity to practice strokes, develop strength and complete 25 metres as required by the National Curriculum.
