

We Are Writers

At Bishopton we like to celebrate children's writing and pieces of work that we are proud of. During the school year, children will have the opportunity to publish a piece of their best writing in a book, We Are Writers. Every single child in the school will put forward their best piece of writing which will go into the compilation and will then be published in a book by Scholastic.

Pieces of writing that are published could be poems, stories, descriptions, newspaper articles or essays- but the one thing they all have in common is that they are a piece that children are proud of. The book is here to celebrate each child's writing.

At the end of the school year, the writing compilation will be sent for publication with Scholastic and the final book will be on sale for parents to buy.
