

Gold Readers

Each half term one child is picked from each class and given the Gold Reader Award in recognition of their reading. This could be awarded to a child who is an avid reader and spends a lot of time reading at home; a child who has worked well in school when reading the whole class text or someone who has worked particularly well with their comprehension work.

The Gold Readers are awarded their certificates in an assembly at the end of term and then their names are placed in a raffle draw at the end of the school year when a winner is pulled out and awarded a prize. Each child is also given a bookmark to recognise their interest in books and reading.
