Dear Miss Smith,

Rare Mesopotamian Blue cat sighted in Bishopton.

I am writing to seek your help with the welfare and preservation of this extremely rare breed of cat. Last week we received an email from a Mr Miles, one of the society's members who lives in Bishopton, Stratford-Upon-Avon.

He wrote to inform us that while out walking his dogs he had seen what he took to be a Mesopotamian Blue in the distance by the allotments. Having read about the rarity of this breed in our monthly magazine 'The Cat's Whiskers' he immediately let us know of his sighting.

Currently there are only fifteen Blues registered with us and very little is known about them. We wondered if you could ask the children at your school if they have any information on, or pictures of, Mesopotamian Blues.

Perhaps the children could write a report about this breed and draw a picture to show their appearance?

We would be very grateful for any information that you may be able to supply to us.

Yours sincerely,

Ms Fee Lines
Information Officer.
